) Circle/ellipse/arc tool New fields for setting vertical/horizontal radius (Rx/Ry) were added to the tool controls bar.. Many of the bug fixes address important functionality, like printing issues, crashes with the node tool or problems with keyboard shortcuts.

Windows users will be happy to learn that the long startup times many of them were seeing could greatly be reduced.. Improvements Command line usage Three new command line options controlling page size are supported when exporting in SVG format... Release Notes Inkscape 0.92.3 is mainly a stability and bugfix release, but it also brings some small new features, like being able to set an ellipses' radii numerically in the tool controls, or switching the writing direction from left-to-right to right-to-left.
